

Our Blue Planet Summer 1st Half Homework Menu

Homework priorities are weekly reading (at least 3 times a week), Timetable practise (TT Rockstars) and our weekly spellings. Here are some extra home-school projects for you to try...

Be crafty, Create a collage or 3D representation of the ocean/ocean floor, use different blue papers/paints to create seascapes, explore quilling paper.

Be an

explorer. Find out about the Worlds' oceans and continents, use maps, diagrams, internet searches, watch Blue Planet clips. Record in whichever way suits you.

Be a conservationist. Learn about endangered species, oceans pollution and coral reef damage. What are the problems? How could these problems be overcome? Could you do something to help? Record in whichever

way suits you.

Be a scientist. Explore food chains, find facts/information about sea creatures or natural phenomena such as tsunamis, red tide, Bermuda triangle, Bioluminescence, Lost city of Atlantis etc Record in whichever way suits you.
