LIFE/work balance

We have started a #LIFEworkbalance campaign and we need your help to complete our LIFE/work balance survey.

We hope to publish the results soon, so please give 15 minutes of your time to help us get a true picture of school life.

Want to be a part of this campaign? Take the <u>survey</u> on our website and share it with your colleagues!

<u>Year 4 – Summer Block 3 – Time – Analogue to Digital – 12 Hour</u>

About This Resource:

This PowerPoint has been designed to support your teaching of this small step. It includes a starter activity and an example of each question from the Varied Fluency and Reasoning and Problem Solving resources also provided in this pack. You can choose to work through all examples provided or a selection of them depending on the needs of your class.

National Curriculum Objectives:

Mathematics Year 4: (4M4b) Read, write and convert time between analogue and digital 12- and 24-hour clocks

More <u>Year 4 Time</u> Resources.

Year 4 - Summer Block 3 - Time

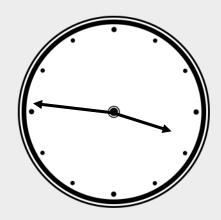

Step 3: Analogue to Digital – 12 hour

Introduction

Match the times.

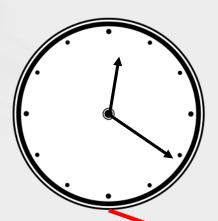

9:17

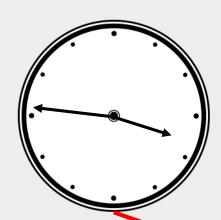

12:21

Introduction

Match the times.

9:17

12:21

Convert this to digital time.

Convert this to digital time.

Draw the hands on the clock face to represent the digital time.

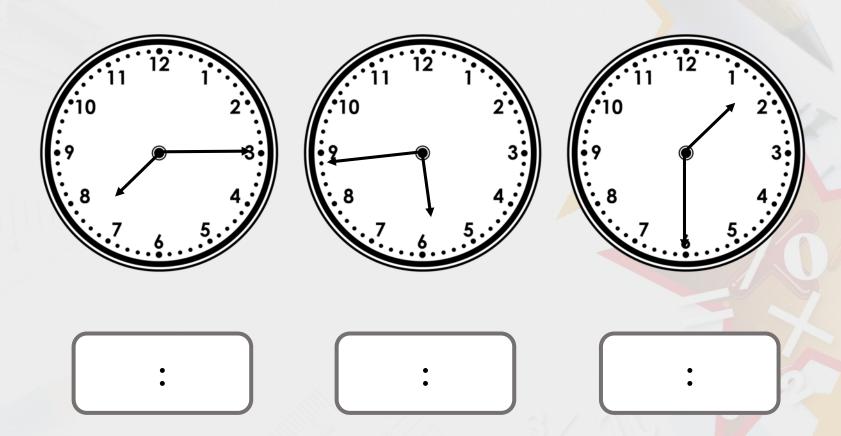

Draw the hands on the clock face to represent the digital time.

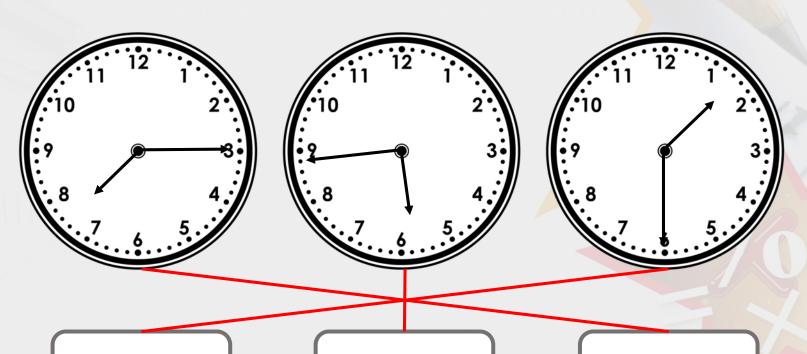

Convert these AM times to digital and order them from earliest to latest.

Convert these AM times to digital and order them from earliest to latest.

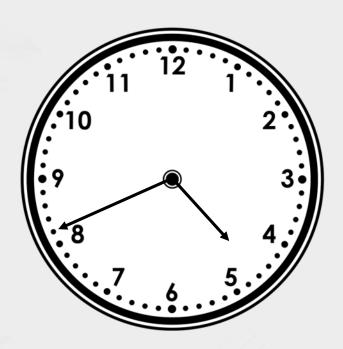

01:30am

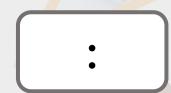

05:44am

07:15am

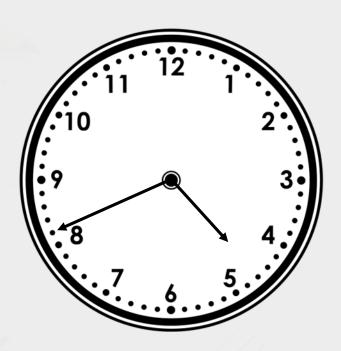

What would the digital time be if it was 14 minutes later than the time shown on the clock?

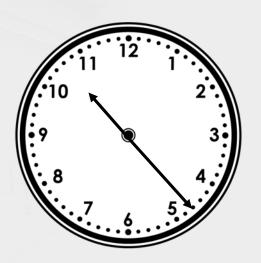

What would the digital time be if it was 14 minutes later than the time shown on the clock?

Reasoning 1

Grayson arrives at the dog show at the time shown on the analogue clock. He thinks he's on time to watch agility.

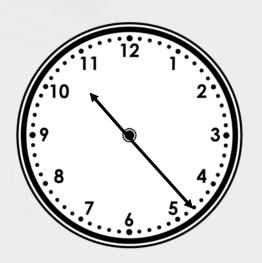

Event	Start Time
Agility	10:33am
Best in show	10:52am
Obedience	11:16am

Is he correct? Explain why.
