

Can you count up to 19 as you jump on each number?

What number would be one more than 19?

Watch Numberblocks Number 19 on the link below.

<https://www.bbc.co.uk/iplayer/episode/m000663t/numberblocks-series-4-nineteen>

Write down as many ways as you can to make 19.

Challenge - can you use a double to make 19?

If not, why not? Is there a near double you could use and then add one more?
