Ok, I want you to learn these words as a group and say them lots of times until you are really clear about how to say them and what they mean.

Once you are feeling really confident about the names of the foods, the responses and the question, I want you to ask and answer the question in turn. So...

Question – Qu'est-ce que tu aimes manger?

Answer – J'adore une pizza

Once the person has answered, can the rest of the group say what the person likes to eat? Go round the group each asking and answering the question.

Now using the next phrases I want you to write down what your opinion is on the foods and drinks we have looked at so far. After you have written out your sentences I would like you take it in turns to read them out to your group. Can the rest of the group name the food/drink and say how you feel about it?

French	How we say it	English
J'aime	J em	I like
J'adore	Ja door	I love
Je n'aime	J nem pas	I don't like
Je deteste	J day teast	I hate

The next sheet has the names of the food in French and a blank box next to it. Can you draw a picture of the food to match the French word? Ok this is really easy, but as school is a little different, I thought it would be nice to let you have a colouring activity to do.

Des Frites	
Du Poulet	
Des Legumes	

Du Fromage

Ok you are doing really well with this, how are we finding it?
