

### Year 5&6 week 3 French

Resources – activity sheets 1,2 &3 attached, colouring pencils and vocabulary sheet below.

This week we will be looking at the weather. Below is our vocabulary table to help learn the words. Don't forget this work can be spread over more than one lesson to reinforce learning.

FRENCH	HOW WE SAY IT	ENGLISH
Il pleut	Il pl	It's raining
Il neige	Il nairj	It's snowing
Il fait du soleil	Il fay dew sol ay	It's sunny
Il fait du vent	Il fay dew von	It's windy
Il fait du brouillard	Il fay dew bwee ar	It's foggy
Il fait de l'orage	Il fay d lorarj	It's stormy
Il fait froid	Il fay fwa	It's cold
Il fait chaud	Il fay show	It's hot

So, go over these words and practice saying them and understanding what they mean. Maybe look at learning the first three securely then move on to the next three and so on. Once you are feeling really confident, I want you to draw a picture next to the weather.

#### Activity sheet – on next page

When you have completed the activity sheet practice this question.

Quel temps fait-il?	Kel tom fay teel	What is the weather like?
---------------------	------------------	---------------------------

Go round the group each having a go at asking the question. When you are happy about asking the question you can then put an answer to it.

Quel temps fait-il?      Il pleut

Work in pairs, one asks the question the other answers it. Then model your question and answer to the group, can the rest of the group say what weather you have given?

Activity sheet 1

<b>il pleut</b>	
<b>Il neige</b>	
<b>Il fait froid</b>	
<b>Il fait chaud</b>	
<b>Il fait du vent</b>	
<b>Il fait du soleil</b>	
<b>Il fait de l'orage</b>	
<b>Il fait du brouillard</b>	

## Activity sheet 2

Ok can you put the letters in the correct order?

Il tleup	
Li enieg	
Li tfai duach	
Il fita ud tvne	
Li ftia drfio	
Li iaft ud Isolie	

## Activity 3

Ok, so now we are going to add the seasons and say what weather we have in the different seasons.

Au printemps	O prin tom	In the spring
En ete	On et ay	In the summer
En automne	On aw tom	In the autumn
En hiver	On eve er	In the winter

Once you are secure with how to say the seasons you can then link this with the question.

Question: quel temps fait-il au printemps? (What is the weather like in spring?)

Answer: Au printemps, il fai beau. (In springtime it is nice weather.)

You can work in pairs and then show your learning to the group or you could work as one big group.
