

Angles around a point total
 360°

90°

180°

270°

360°

1 right angle

2 right angles

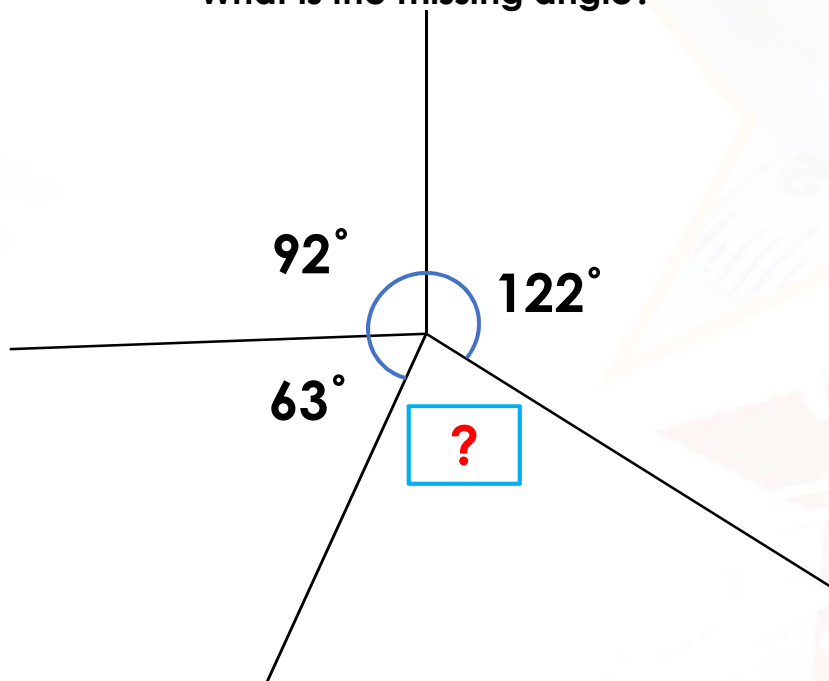

3 right angles

4 right angles

A complete turn totals 360°

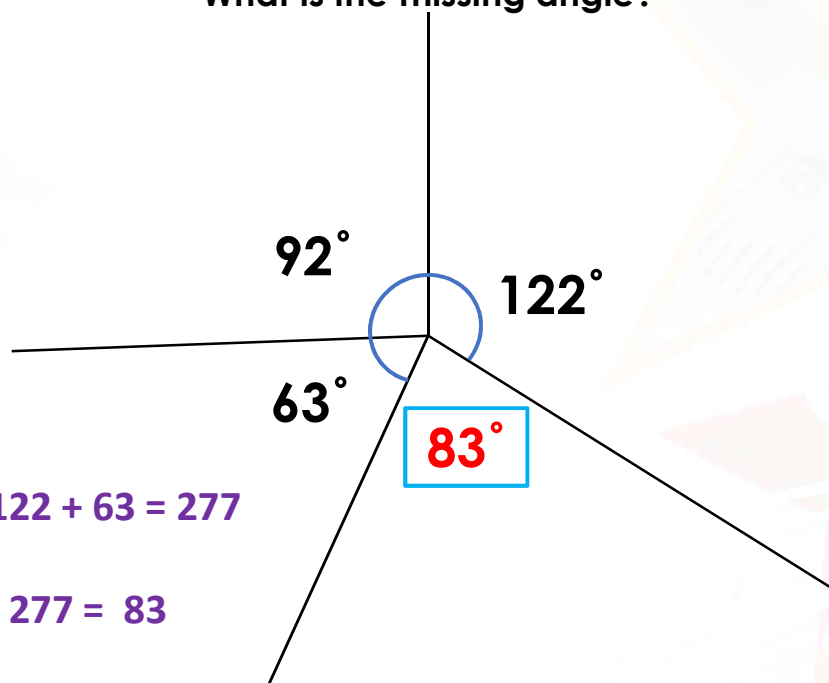

Varied Fluency 1

What is the missing angle?

Varied Fluency 1

What is the missing angle?

$$92 + 122 + 63 = 277$$

$$360 - 277 = 83$$
