PROBLEM SOLVING 1

Darcey wants to put together a timetable of activities to do on Saturday and Sunday.

Use the following criteria to help her create one and fill any gaps with activities you think she'd enjoy!

> She gets up at 9am and goes to bed at 9pm.

> It takes her 45 minutes to have her breakfast and get ready.

> She wants to watch cartoons for 150 minutes across both days.

> She wants to play in the garden for at least 3 hours and 45 minutes.

> She has lunch with her parents for half an hour at 12:15pm.

> She has her evening meals at 18:30 and spends at least 45 minutes at the table.

> She reads for 85 minutes every night before bed time.

NOW... compare your timetable with a classmate and discuss what is the same and what is different.

Create 5 questions about your timetable and challenge your classmates to work out the answers.
