

Comparing Commitments

Write about a coming-of-age ritual from the perspective of a child who will experience it.

Make sure you talk about:

- what the person needs to do;
- how the person shows commitment;
- what the end result of the commitment is.

My name is Zainab and I am about to vote for the first time. How is my coming-of-age ritual **similar** to yours?

My name is Mei and I am about to take my First Holy Communion. How is my coming-of-age ritual **similar** to yours?
