

Spring term 2

Reception Homework.

Our topic for our next half term is 'Jump into Spring'. We will be focusing on learning new facts and developing our descriptive language when looking, feeling or meeting something new.

Please practise reading their home reading books as often as possible. There will be activity sheets to accompany the phonics sounds that your child is learning in class.

From time to time, your child will bring home an activity to complete linked to our on-going assessment of the Early Years Profile.

Please spend time talking about the seasonal changes that are occurring on your way to and from school.

Thank you for your support,

Mrs Astill-Evans, Miss Turner and Mr Mountford
